

Menemsha Architecture – Torrance CA

Firm Profile

Menemsha architecture is a full service architectural firm providing a full array of architectural services to some of the most successful fortune 1000 companies throughout the United States.

We are a fast moving, design-focused practice looking to expand our talented team in our new Torrance offices. Our office culture is highly collaborative, the work ethic highly professional, the spirit youthful and ambitious, and the opportunities great. We are seeking architects who aspire to excellence in all aspects of our work.

With a national reputation for our architectural branding services and tenant improvement roll outs, the firm is quickly moving into other design spheres, including ground-up corporate offices and headquarters, banking and finance, and other challenging typologies.

One of the first architectural firms to fully embrace Building Information Modeling and Integrated Project Delivery systems, our various architectural studios employ state of the arts BIM software to bring our cutting edge designs to life.

Job Description

Menemsha is seeking motivated individuals to join our practice who possess the core qualities of enthusiasm, strong character, high intellect and strong interpersonal skills.

In particular, we are seeking qualified Job Captains who will be responsible for preparing a complete set of architectural documents, coordinating engineering documents and collaborating with the production team in all aspects of the preparation of construction documents.

A qualified individual will be expected to perform a variety of architecture related tasks and work with the production team for timely completion of deliverables.
