

Architecture Project Manager (Los Angeles)

Ware Malcomb is hiring an Architecture Project Manager in our Downtown Los Angeles office.

Ware Malcomb seeks Architecture Project Managers that are:

- highly motivated problem-solvers, who take charge of the project with support from Job Captains, and keep projects moving forward efficiently.
- accountable for the successful management of multiple projects - with responsibilities including:

- Project overview: Developing and maintaining project staffing/financial work plans for successful completion of projects.
- Code research and analysis.
- Acting as point of contact between WM and Client (or contractor), as well as oversee coordination with consultants.
- Mentoring younger staff.

Project Manager Candidates must have:

- BArch or March (working on licensure preferred).
- Proficient knowledge of ACAD required, supplemented with experience in Revit (preferred).
- 8+ years of experience managing ground-up and/or exterior renovation projects, with great track record of project success.
- Wonderful attitude, great personality, terrific communication skills, and a team player.

Ware Malcomb Los Angeles is currently working on these projects:

- 13-story Class-A high-rise creative office tower.
- 45 acre creative office/retail campus.
- Various ground-up and exterior transform creative office projects in the Greater Los Angeles area.
